One layer reads “The cat eats fish” with several heads at the same time
Head 1 — the grammar eye
cat → eats: who does it?
Head 2 — the object eye
eats → fish: what receives it?
Head 3 — the time eye
verb tense: present, a habit
Head 4 — the style eye
articles and modifiers: “the”, “a”…
the four reports are concatenated and re-mixed by one learned projection
a much richer eats: grammar + roles + time + style together
