
Query (Q)
the visitor's question:
"I am the word *eats* —
who here matters to me?"
Key (K)
the catalog cards:
each book announces
"this is what I am about"
The librarian (attention)
compares question ↔ card
(dot product → score)
softmax
score → share %
how much of each book to borrow
every word plays all three roles:
asks (Q) · advertises (K) · delivers (V)
Value (V)
the book contents:
what the visitor takes home
The visitor leaves with a mix
55% *cat* + 35% *fish* + …
(% × contents, added up)
