- Registro de mixers de secuencia (55 variantes)
  - **Densa (6)**
    - standard
      - sigmoid
        - ca
          - gqa
            - xsa
              - mta
  - **Recurrente (3)**
    - retnet
      - mamba
        - ode
  - **Dispersa (11)**
    - sparse_transformer
      - longformer
        - bigbird
          - sparsek
            - nsa
              - sparge
                - fasa
                  - msa
                    - sparda
                      - swa
                        - lsa
  - **Con compuerta (9)**
    - gla
      - deltanet
        - gated_deltanet
          - gated_deltanet2
            - hgrn2
              - fox
                - gated_softmax
                  - kda
                    - fpa
  - **Latente (14)**
    - mla
      - gmla
        - gqla
          - mlra
            - tucker
              - kpa
                - tpa
                  - mfa
                    - iha
                      - gta
                        - mtla
                          - cca
                            - ccgqa
                              - gma
  - **Memoria (3)**
    - titan
      - engram
        - memory
  - **Pesos rápidos (6)**
    - falcon1
      - falcon2
        - falcon3
          - falcon1a
            - falcon2a
              - falcon3a
  - **Geométrica (1)**
    - ssog
  - **Aumentada con convolución (2)**
    - conformer
      - fastconformer
